WORK EXPERIENCE

HealthScape Advisors, LLC.

Strategy Consultant

December 2020 - Present

Chicago, IL

- Delivered a Tableau dashboard to layer customer, competitor, and provider network analyses to drive a value-based network contracting strategy that was ultimately presented to the client's Board of Directors
- Led a Member Experience workgroup of 8 VPs, Directors, and the CMO over 10 weeks to define the strategic vision and project plan needed to support an enterprise reorganization ahead of a \$2.5B RFP drop
- Conducted cost savings analysis using SQL, Tableau, and Excel on medical claims to help identify \$50M in savings for a Medicaid Care Organization
- Drove development of an initial 5-year financial model to advise two regional dental payers, ultimately leading to the creation of a nationally competitive \$25M joint IT service organization

UnitedHealth Group

Analytics Consultant Intern

June 2019 – August 2020

Eden Prairie, MN

- Constructed Tableau dashboards using Alteryx, SQL, and Python out of 15M+ rows of pharmacy, drug, and shipment data for the purpose of delivering live KPI-tracking and analysis to key OptumRx VPs
- Spearheaded development of strategic churn dashboard that ultimately informed EVP and other specialty pharmacy leaders on persistency histories of 600K patients in order to forecast drug demand, gain visibility on persistency drivers, and develop insights on patient segments (e.g., drug, therapy, LOB)
- Automated 1400+ OptumRx employee scorecards, 200+ data points each, with team, using Alteryx and Tableau to cut reporting time from 24hrs to 30s and deliver live performance insights to 80+ supervisors
- Received part-time AND full-time return offer (the only one of 23 to earn one)

Fitch Ratings

Summer Credit Analyst: Financial Institutions / Structured Credit

June 2018 – August 2018

New York City, NY

- Initiated coverage of a Middle Market BDC with \$1.4B of portfolio assets and presented credit opinion
- Synthesized reinvestment activity of \$11T in CLOs to report trends and abnormalities by vintage, indenture language, and trade restrictions to company executives
- Reported nuances in collateral quality tests, equity yield sensitivities, and comparable portfolio characteristics of the 10 highest-WAS CLOs to senior directors

EDUCATION

University of Wisconsin – Madison

December 2020

BBA Triple Major: Information Systems | Finance | Risk Management | **Minor:** Computer Science

GPA: 3.82

Coursework: Human Computer Interactions, Data Management, Analysis and Design of Computer Systems

Passed CFA Level 1 (December 2019)

CAMPUS INVOLVEMENT

Korean American Student Association (President)

September 2017 – May 2020

- Won UW-Madison's Outstanding Program Award (out of 30+ clubs) for campus community engagement
- Won \$15K in university and corporate sponsorships by acquiring 5 corporate partnerships and successfully defending grant applications to multiple grant boards to support events for 140+ members
- Increased average event attendance by 232%, membership by 102%, event hosting by 252%
